It seems that football is still the most important thing in Koko's life and the upcoming encounter between the infamous 'Pirates' and Koko's team 'Green Hill' the central event of the season. Zlatko is still spending every second reading books and scolding Koko for being immature. To prove him wrong, Koko tells him that he is unhappily in love with the mysterious girl, a girl who is as magical as the heroines from Zlatko's novels. Koko's mischievous sister Marica, secretive friend Ema and insolent Melita have their own band – Koko's team will go to a concert, as will the girls go to their football games.
